WARNING - AVISO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
(If you do not understand the label, find someone to explain it to you in detail.)

See affixed label for additional directions for use, precautionary statements and first aid.

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This labeling and the full EPA approved label attached to the container must be in the possession of the user at the time of application. Read the label affixed to the container for this product before applying. Use of this product according to this labeling is subject to the use precautions and limitations imposed by the label affixed to the container for the product.

USE INFORMATION

Apply this product to foliage as a contact insecticide, miticide and fungicide for control of soft-bodied insects, mites and powdery mildew. The formulation is based on potassium salts of naturally derived fatty acids. This product may be used to control targeted pests on hemp growing outdoors, in greenhouses and in interiorscapes. This product can be applied up to harvest.

Hemp (Indoor, Greenhouse and Outdoor)	
Pest	Requirements
Aphids, leafhoppers, mealybugs, spider mites, plant bugs, scales, exposed thrips, whiteflies and powdery mildew.	<p>Use Rates: Stand Alone Rate: Apply a 1 - 2% v/v solution of this product, unless otherwise noted. Refer to the Mixing and Application section of the affixed label for rates, timing and application information except as noted below.</p> <p>Tank Mix Rates: To achieve enhanced and residual pest control, use a 1 to 2 % v/v solution of this product in combination with a companion product.</p> <ul style="list-style-type: none">• Use a 1% v/v rate with most companion pesticides targeted at the same pest(s) as this product.• Lower rates (0.25 -1.0 % v/v solution) of this product may be used in tank mixes for knockdown/suppression of adult whiteflies. <p>See Application Guidelines and Notes to User: Understanding Plant Sensitivity for additional comments.</p>
