Imidacloprid GROUP 4A INSECTICIDE

FIFRA Section 24(c) Special Local Need Label

FOR DISTRIBUTION AND USE ONLY WITHIN THE STATE OF INDIANA

MERIT® 2F Insecticide

For Control of Emerald Ash Borer on Ash Trees

EPA Reg. No. 432-1312

SLN. No. IN-070001

THIS LABEL IS VALID UNTIL 12/31/2024 UNLESS OTHERWISE AMENDED, WITHDRAWN, CANCELED, OR SUSPENDED.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This label must be in the possession of the user at the time of pesticide application. Follow all applicable directions, restrictions, Worker Protection Standard requirements, and precautions on the EPA registered label.

Ash Trees

Pests Controlled	Rate
Emerald ash borer	6 mL / inch of trunk diameter (at breast height)

Notes and Restrictions:

MERIT 2F may be applied for control of emerald ash borer up to a maximum rate of 0.8 lbs imidacloprid per acre per season.

Recommended Applications:

Typically, many of the fine absorptive roots of ash trees are located near the base of the tree, in the upper eight inches of the soil. Apply MERIT 2F near the base of the tree (i.e., within 2-4 ft) to ensure rapid uptake by these absorptive roots. If the product is being soil injected, space injection holes evenly around the tree. If the product is being applied by drenching, remove bark, fallen leaves, mulch, or other organic matter from around the base of the tree prior to application.

Apply the product in sufficient volume of water to ensure proper mixing, but do not apply water in quantities that will cause the soil around the base of the tree to become saturated. The total amount of water used should be sufficient to adequately moisten the soil in the root zone.

For MEDICAL And TRANSPORTATION Emergencies ONLY Call 24 Hours A Day 1-800-334-7577.

For PRODUCT USE Information Call 1-866-99BAYER (1-866-992-2937).

As with any crop-protection product, always read and follow label directions. For additional information call toll-free 1-866-99BAYER (1-866-992-2937).
